### Plückhahn Branch of Parchim

This Family branch was originally listed as one of the branches of Hamburg, but further investigation has shown us that it originated in Parchim. The descendants of Dr. Edmund Plückhahn of 1911 has been research by Rüdiger Plückhahn.  
Thanks Rüdiger.

So far I have information up to about 1755. I want to thank Wolfgang and his cousin Borwin of Dassendorf for there contributions to much of the information listed here. Borwin has done much research and we are very grateful for all his work. It is people like this who will keep our family history alive. Thanks again Borwin
