Medical Lake Cemetery
Medical Lake WA

Medical Lake Cemetery is located in T24N, R41E, Section 1, which is about two miles north of the town of Medical Lake, south of Thorpe Road and about 1/2 mile west of Brooks Road.

For years the records for this cemetery were kept by several different businesses. Due to the continued change of ownership, a complete and accurate listing is not available. In the last years a Medical Lake Cemetery Association has been formed and it is trying to recover as many records as possible. There may also be some of the burials removed from Fairview to this cemetery, these records also unavailable. Fairview borders on Medical Lake Cemetery.

It is said that around 1934 all the burials from Deep Creek Cemetery were removed to Medical Lake Cemetery. This also is not reflected in these files. While they may indeed be in here, no mention is made of the transfer. I did a complete physical survey of this cemetery on August 13, 1999, comparing this with the current Sexton files.
